

ARTICLE 5 COMMERCIAL AND MIXED-USE ZONING DISTRICTS

5.01 RHB - RURAL HUB ZONING DISTRICT

A. Purpose: The rural hub zoning district allows for limited retail and service uses and activities that offer convenience to and support nearby rural residential development. These areas are typically located at or near intersections of arterial and/or collector streets in order to maximize accessibility from surrounding areas. Site design and performance standards help maximize compatibility between this district and surrounding rural areas and reinforce vehicular and pedestrian accessibility within and between these zones.

B. Typical Development Pattern.

C. Uses and Activities Allowed.

1. Uses and activities allowed in the RHB zoning district are established in Article 9 of this ordinance as permitted or conditionally permitted. Reference the [consolidated table of uses](#) for additional information.

*For ease in review of these articles, a **temporary list** of permitted and conditional uses allowed within the RHB zoning district has been provided in Table 5.01.01 below. This list will be removed in the final version of the UDO and consolidated into a use matrix located in Article 9.*

2. Multiple principal and accessory uses and structures may be permitted on a lot within this zoning district. Multiple uses may be allowed within a single structure.

Temporary Table 5.01.01: Permitted and Conditional Uses in RHB	
Permitted	Conditional
Above ground floor unit	Animal Hospital
Agriculture - Related business	Construction Sales and Service
Care Center	Kennel and animal boarding
Child Care Agency	Live Performance Venue - Outdoor
Child Care Center	Lodging - Recreational Vehicle
Child Care Home - Group	Micro-Brewery/Distillery
Civic	Micro-winery
Community Garden	Office and Professional Services
Cultural Services	Parking - Surface
Drive Through Facility	Recreation, Indoor
Eating and drinking establishments	Veterinary clinics, large animal
Education - Primary and Secondary	Veterinary clinics, small animal
Education - College, University	
Education - Pre-K Facility	
Education - Trade

J. Infrastructure.

Moving forward, this section will be used to identify district-specific requirements.

K. Landscaping.

Moving forward, this section will be used to identify district-specific requirements.

L. Open Space.

1. The required open space set-aside in an RHB zoning district can be found in Article 16 of this ordinance.

M. Additional Considerations.

1. All utilities required to serve a proposed development shall meet the standards established in Article 18 of this ordinance, including the requirement to underground telephone and electrical systems.

5.02 NMU - NEIGHBORHOOD MIXED-USE ZONING DISTRICT

A. Purpose: The neighborhood mixed-use zoning district allows for office, retail, and service uses and activities that are compatible with and meet the needs of established neighborhoods. Limited residential uses are compatible. Areas zoned neighborhood mixed-use are typically located at or near intersections with a collector or arterial street, at the edge of or entrance to an established neighborhood. Site design and performance standards help maximize compatibility between this district and the adjacent neighborhoods and reinforce vehicular and pedestrian accessibility within and between neighborhoods.

B. Typical Development Pattern.

C. Uses and Activities Allowed.

1. Uses and activities allowed in the NMU zoning district are established in Article 9 of this ordinance as permitted or conditionally permitted. Reference the [consolidated table of uses](#) for additional information.

*For ease in review of these articles, a **temporary list** of permitted and conditional uses allowed within the NMU zoning district has been provided in Table 5.02.01 below. This list will be removed in the final version of the UDO and consolidated into a use matrix located in Article 9.*

2. Multiple principal and accessory uses and structures may be permitted on a lot within this zoning district. Multiple uses may be allowed within a single structure.

[^]Does not apply to driveway surface parking.

*Parking setback increases to 15 feet when adjacent to a residential district or established residential use.

Figure 5.02.04 Parking.

J. Infrastructure.

Moving forward, this section will be used to identify district-specific requirements.

K. Landscaping.

Moving forward, this section will be used to identify district-specific requirements.

L. Open Space.

1. The required open space set-aside in an NMU zoning district can be found in Article 16 of this ordinance.

M. Additional Considerations.

1. All utilities required to serve a proposed development shall meet the standards established in Article 18 of this ordinance, including the requirement to underground telephone and electrical systems.
2. Development within the NMU district is required to incorporate a blend of dwelling types and uses.
 - a. A lot or development site two acres or greater requires a minimum of 80% of the developed gross floor area to be non-residential.
 - b. The square footage of an above ground floor residential unit shall not count toward the 20% maximum gross floor area allowed for residential dwelling types.
 - c. Development shall be configured to locate non-residential building types and uses at designated intersections within the development site.
 - d. Ground floor residential uses are not permitted in the shopfront or mixed-use building types.

5.03 MUCC - MIXED-USE COMMUNITY CORRIDOR ZONING DISTRICT

A. Purpose: The mixed-use community corridor zoning district is established to create and enhance vibrant, pedestrian-oriented mixed-use corridors along major thoroughfares. This district accommodates a mix of residential, retail, and service uses and activities that serve the needs of adjacent neighborhoods as well as the broader community. The district supports the development and redevelopment of underutilized commercial land and is characterized by a variety of building and development types that may include vertical mixed-use within a building or a horizontal mix of uses in one or multiple buildings development-wide. Site design standards ensure that development is supported by transportation infrastructure that safely connects cars and pedestrians to and through the district and ensures compatibility between mixed-use development and adjacent residential areas.

B. Typical Development Pattern.

C. Uses and Activities Allowed.

1. Uses and activities allowed in the MUCC zoning district are established in Article 9 of this ordinance as permitted or conditionally permitted. Reference the [consolidated table of uses](#) for additional information.

*For ease in review of these articles, a **temporary list** of permitted and conditional uses allowed within the MUCC zoning district has been provided in Table 5.03.01 below. This list will be removed in the final version of the UDO and consolidated into a use matrix located in Article 9.*

2. Multiple principal and accessory uses and structures may be permitted on a lot within this zoning district. Multiple uses may be allowed within a single structure.

Moving forward, this section will be used to identify district-specific requirements.

L. Open Space.

1. The required open space set-aside in an MUCC zoning district can be found in Article 16 of this ordinance.

M. Additional Considerations.

1. All utilities required to serve a proposed development shall meet the standards established in Article 18 of this ordinance, including the requirement to underground telephone and electrical systems.

5.04 HC - HIGHWAY COMMERCIAL ZONING DISTRICT

A. Purpose: The highway commercial zoning district provides commercial activities that cater to the needs of the highway user and the general public. This district is designed to accommodate a range of uses that require a high degree of visibility and accessibility from major arterial streets and state and local highways.

B. Typical Development Pattern.

C. Uses and Activities Allowed.

1. Uses and activities allowed in the HC zoning district are established in Article 9 of this ordinance as permitted or conditionally permitted. Reference the [consolidated table of uses](#) for additional information.

*For ease in review of these articles, a **temporary list** of permitted and conditional uses allowed within the HC zoning district has been provided in Table 5.04.01 below. This list will be removed in the final version of the UDO and consolidated into a use matrix located in Article 9.*

2. Only one principal use or structure is permitted on a lot within this zoning district. Multiple uses may be allowed within a single structure. More than one use or structure considered accessory to the principal use or structure may be permitted.

L. Open Space.

1. The required open space set-aside in an HC zoning district can be found in Article 16 of this ordinance.

M. Additional Considerations.

1. All utilities required to serve a proposed development shall meet the standards established in Article 18 of this ordinance, including the requirement to underground telephone and electrical systems.

5.05 BC - BUSINESS AND COMMERCIAL ZONING DISTRICT

- A. Purpose:** The business and commercial zoning district provides for professional office space, medical offices and clinics, retail, and services at a smaller scale than the employment campus environment. Such uses and activities that fall under this zone are typically located on their own lot or share a common building.
- B. Typical Development Pattern.**

C. Uses and Activities Allowed.

1. Uses and activities allowed in the BC zoning district are established in Article 9 of this ordinance as permitted or conditionally permitted. Reference the [consolidated table of uses](#) for additional information.

*For ease in review of these articles, a **temporary list** of permitted and conditional uses allowed within the BC zoning district has been provided in Table 5.05.01 below. This list will be removed in the final version of the UDO and consolidated into a use matrix located in Article 9.*

2. Only one principal use or structure is permitted on a lot within this zoning district. Multiple uses may be allowed within a single structure. More than one use or structure considered accessory to the principal use or structure may be permitted.

L. Open Space.

1. The required open space set-aside in an BC zoning district can be found in Article 16 of this ordinance.

M. Additional Considerations.

1. All utilities required to serve a proposed development shall meet the standards established in Article 18 of this ordinance, including the requirement to underground telephone and electrical systems.

5.06 EC EMPLOYMENT CAMPUS ZONING DISTRICT

A. Purpose: The employment campus zoning district provides for the development of business, technology, and office parks that accommodate a mix of uses that are traditionally viewed as employment-generating, such as research and development, light manufacturing, medical and professional office complexes, and related uses and activities. Site design and architectural standards ensure these districts are compatible with adjacent uses and districts, while also creating an attractive campus-style environment for major employers. Development in this district should include a high level of amenities for employees and visitors, including open space, pedestrian connections, and shared facilities.

B. Typical Development Pattern.

C. Uses and Activities Allowed.

1. Uses and activities allowed in the EC zoning district are established in Article 9 of this ordinance as permitted or conditionally permitted. Reference the [consolidated table of uses](#) for additional information.

*For ease in review of these articles, a **temporary list** of permitted and conditional uses allowed within the EC zoning district has been provided in Table 5.06.01 below. This list will be removed in the final version of the UDO and consolidated into a use matrix located in Article 9.*

2. Multiple principal and accessory uses and structures may be permitted on a lot or development site within this zoning district. Multiple uses may be allowed within a single structure.

J. Infrastructure.

Moving forward, this section will be used to point to specific requirements.

K. Landscaping.

1. A landscaping plan for the development is required, pursuant to the standards established in Article 14 of this ordinance.

L. Open Space.

1. The required open space set-aside in an EC zoning district can be found in Article 16 of this ordinance.

M. Additional Considerations.

1. All utilities required to serve a proposed development shall meet the standards established in Article 18 of this ordinance, including the requirement to underground telephone and electrical systems.
2. A development plan is required for any proposed development site within the Employment Commercial district, including a unified sign plan meeting the requirements established in Article 15.

5.07 TC - TOWN CENTER ZONING DISTRICT

- A. Purpose:** The town center zoning district is intended to create compact, walkable, mixed-use hubs through a blend of services, shops, restaurants, a mix of housing types, and public spaces. Uses may be both vertically and horizontally integrated and be located on one parcel or across multiple parcels and develop at different scales to align with the surrounding development pattern. Development is subject to site design standards and performance criteria that support streetscape design and the integration of public spaces and amenities throughout.
- B. Typical Development Pattern.**

C. Uses and Activities Allowed.

1. Uses and activities allowed in the TC zoning district are established in Article 9 of this ordinance as permitted or conditionally permitted. Reference the [consolidated table of uses](#) for additional information.

*For ease in review of these articles, a **temporary list** of permitted and conditional uses allowed within the TC zoning district has been provided in Table 5.07.01 below. This list will be removed in the final version of the UDO and consolidated into a use matrix located in Article 9.*

2. Multiple principal and accessory uses and structures may be permitted on a lot within this zoning district. Multiple uses may be allowed within a single structure.

Temporary Table 5.07.01: Permitted and Conditional Uses in TC	
Permitted	Conditional
Dwellings	Drive Through Facility
Above ground floor unit	Live Performance Venue - Outdoor
Multiplex	Craft Manufacturing
Multi-unit, large	Micro-Brewery/Distillery
Multi-unit, small	Micro-winery
Townhouse	Nightclubs and Bars
Two-unit, side by side	Parking - Surface
Two-unit, stacked	Recreation, Indoor
Transitional Housing - Supportive	Repair and maintenance (excluding vehicles)
All Other Uses	Retail - Heavy, Rental and Service
Care Center	Retail - Large scale
Child Care Agency	Special trades contractor services
Child Care Center	Veterinary clinics, small animal
Child Care Home - Group	
Civic	
Community Garden	
Cultural Services	
Eating and drinking establishments	
Education - Primary and Secondary

J. Infrastructure.

Moving forward, this section will be used to identify district-specific requirements.

K. Landscaping.

Moving forward, this section will be used to identify district-specific requirements.

L. Open Space.

1. There is no required open space set-aside in the TC zoning district.

M. Additional Considerations.

1. All utilities required to serve a proposed development shall meet the standards established in Article 18 of this ordinance, including the requirement to underground telephone and electrical systems.
2. Front-facing garages are not permitted in the TC zoning district.
